Al and John:

Attached please find the addendum to the access agreement of my client, Big Star Barge and Boat Co., Inc. The addendum is very narrowly tailored to permit the access your clients need to accomplish the sampling EPA is requiring, pursuant to its April 2 Action Memorandum, you to perform at 9 sample points located on a portion of my client's submerged property.

Please do not hesitate to contact me should you require anything in addition to this.

Also, thank you again for agreeing to accommodate our consultant, David Klebieko of Separation Systems Consultants, Inc., subject to the health and safety conditions you have imposed (I have already provided you his company's certificate of insurance), that will allow him to conduct the split sampling we need for the samples EPA is directing you to take on our property. I have forwarded to David all of the information you have provided me to allow him to coordinate with your consultants at Anchor.
